### BUDGET SCOREKEEPING REPORT

Mr. ENZI. Mr. President, I wish to submit to the Senate the budget scorekeeping report for April 2016. The report compares current law levels of spending and revenues with the amounts provided in the conference report to accompany S. Con. Res. 11, the budget resolution for fiscal year 2016. This information is necessary for the Senate Budget Committee to determine whether budget points of order lie against pending legislation. It has been prepared by the Republican staff of the Senate Budget Committee and the Congressional Budget Office, CBO, pursuant to section 308(b) of the Congressional Budget Act, CBA.

This is the third scorekeeping report for this calendar year but the seventh report I have made since adoption of the fiscal year 2016 budget resolution on May 5, 2015. My last filing can be found in the CONGRESSIONAL RECORD on February 24, 2016. The information contained in this report is current through April 4, 2016.

Table 1 gives the amount by which each Senate authorizing committee is below or exceeds its allocation under the budget resolution. This information is used for enforcing committee allocations pursuant to section 302 of the CBA. Over the fiscal year 2016–2025 period, which is the entire period covered by S. Con. Res. 11, Senate authorizing committees have spent \$147.9 billion more than the budget resolution calls for.

Table 2 gives the amount by which the Senate Committee on Appropriations is below or exceeds the statutory spending limits. This information is used to determine points of order related to the spending caps found in section 312 and section 314 of the CBA. On December 18, 2015, the President signed

H.R. 2029, the Consolidated Appropriations Act, 2016, P.L. 114–113, into law. This bill provided regular appropriations equal to the levels set in the Bipartisan Budget Act of 2015, P.L. 114–74, specifically \$548.1 billion in budget authority for defense accounts, revised security category, and \$518.5 billion in budget authority for nondefense accounts, revised nonsecurity category.

Table 3 gives the amount by which the Senate Committee on Appropriations is below or exceeds its allocation for Overseas Contingency Operations/Global War on Terrorism, OCO/GWOT, spending. This separate allocation for OCO/GWOT was established in section 3102 of S. Con. Res. 11 and is enforced using section 302 of the CBA. The consolidated appropriations bill included \$73.7 billion in budget authority and \$32.1 billion in outlays for OCO/GWOT in fiscal year 2016. This level is equal to the revised OCO/GWOT levels that I filed in the RECORD on December 18, 2015.

The budget resolution established two new points of order limiting the use of changes in mandatory programs in appropriations bills, CHIMPS. Tables 4 and 5 show compliance with fiscal year 2016 limits for overall CHIMPS and the Crime Victims Fund CHIMP, respectively. This information is used for determining points of order under section 3103 and section 3104, respectively. Enacted CHIMPS are under both the broader CHIMPS limit, \$1.3 billion less, and the Crime Victims Fund limit, \$1.8 billion less.

In addition to the tables provided by the Senate Budget Committee Republican staff, I am submitting additional tables from CBO that I will use for enforcement of budget levels agreed to by the Congress.

For fiscal year 2016, CBO estimates that current law levels are \$138.9 billion and \$103.6 billion above the budget resolution levels for budget authority and outlays, respectively. Revenues are \$155.2 billion below the level assumed in the budget resolution. Finally, Social Security outlays are at the levels assumed in the budget resolution for fiscal year 2016, while Social Security revenues are \$23 million below assumed levels for the budget year.

CBO's report also provides information needed to enforce the Senate's pay-as-you-go rule. The Senate's pay-as-you-go scorecard currently shows deficit reduction of \$20.4 billion over the fiscal year 2015–2020 period and \$95.7 billion over the fiscal year 2015–2025 period. Over the initial 6-year period, Congress has enacted legislation that would increase revenues by \$17 billion and decrease outlays by \$3.3 billion. Over the 11-year period, Congress has enacted legislation that would increase revenues by \$36.8 billion and decrease outlays by \$59 billion. The Senate's pay-as-you-go rule is enforced by section 201 of S. Con. Res. 21, the fiscal year 2008 budget resolution.

All years in the accompanying tables are fiscal years.

I ask unanimous consent that the accompanying tables be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:
